Floor Lamp 41866-BL-5 "Hoffmann Residential"

The Hoffmann Family

The Hoffmann Residential line was created with the claiming of the Japanese Market in the early 1980ies. It carries the archetypical Jugendstil décor of Josef Hoffmann into modern ambience. The design is based on the famous chandelier Josef Hoffmann created for the Werkbund Exhibition in Geneva 1914.

This elegant floor lamp features the Hoffmann décor on the rim of the shade. The bottom of the shade is made like the ceiling fixture.
