## Pendant Lamp 6969-7 "Ice Bud"

The Seventies Family

This is an early Design of our fifth Generation in the early seventies.

The frame consists of arrangements of slim vertical brass bars. These bars are then carefully decorated by single crystal beads of various sizes. The frame is finished in nickel. The crystals create the impression of ice buds on the bars.

The straightforward design works perfectly in a very small size and can be easily adapted to create larger chandeliers or installations.

Design: Lobmeyr, circa 1970; Modern
