Table Lamp 960-2

The Brass Family

Featuring the typical shapes of the Flemish style this table lamp is a perfect addition to any Baroque interior.

The wonderfully cast body is carefully polished to create a perfect surface. This is then skilfully darkened to create any desired grade of antique finish. Upon request we can match the item to any existing or in addition ordered object.

Typical for this period is the shade from pig's bladder with the rims accented in coloured velvet. This should be matched to the colour scheme of the composed interior.

Design: Zahn, circa 1790; Baroque

Material: Brass; Finish: Antique polished

Special requests: Metal parts in different finishes

H.: 52 cm, W.: 24 cm; Weight: 4 kg

Lights: 2 candles; Max. Wattage: 120 W
